JOHN G. WOOLLEY

Will Speak At This Place in October.

Prohibition Candidate for President to Make Ten Speeches in Kentucky.

Chicago, Aug. 30.—John G. Woolley, Prohibition candidate for president, and the stalwarts of the Prohibition party have arranged for a 10,000-mile campaign trip covering many states. They will travel in what is known as a "Prohibition" special train. Mr. Woolley's itinerary includes speaking dates in Kentucky and Indiana. October 1 he will go from Chicago to Fort Wayne, stopping at South Bend, Elkhart, Goshen and Waterloo. October 3 he will speak at Richmond, Rushville, Shelbyville and Greenburg. October 4 leaving Cincinnati, he will speak at Williamstown, Georgetown, Lexington and Danville, Ky. Returning October 6, he speaks at Hopkinsville, Nortonville, Madisonville, Henderson, Evansville, Ind., and Louisville, going from Louisville to Indianapolis.

DEATH OF MRS. COOK.

Mother-in-Law of Col. W. R. Passes Away.

Mrs. Lucretia E. Cook, of this city, died in Cincinnati Sunday night, where she was on a visit to son, Mr. George Cook. She was taken dangerously sick only a few days before, though her health had not been good for some time.

Her body will arrive here at 9:31 this morning and will be transferred to the 11-40 I. C. train and be taken via Gracy to Cadiz for interment.

Mrs. Cook was the widow of Judge George B. Cook, a distinguished jurist of Trigg county, who was elected circuit judge of this district many years ago at the age of 32 years. The district embraced many counties then, including Henderson, and Judge Cook defeated N. E. Gray in a memorable contest. Mrs. Cook was 71 years of age and made her home with her daughter, Mrs. W. R. Howell, in this city.

The funeral services will be held in Cadiz this afternoon and she will be buried by the side of her deceased husband.

SUICIDAL MANIA.

Two Attempts at Self Destruction—Landed in Asylum.

After two attempts to take her own life, Clarissa Caldwell, a colored woman of the Gracy neighborhood, was landed in the asylum here Friday.

She is the wife of Wesley Caldwell, a colored farm hand, and is about nineteen years old.

She had been showing signs of dementia for some time and about two weeks ago attempted suicide by hanging. She was discovered in a few minutes, however, and was soon revived. On last Tuesday she made another attempt at self-destruction, this time jumping into a well. The water was only a few feet deep and she was soon rescued.

She sustained some severe bruises as a result of the latter experience, as her body came in contact with some rocks in its descent.

The woman was brought to the city Friday, adjudged of unsound mind and at once placed in the asylum for treatment.

DIED OF STARVATION.

Miss Lizzie Moore, of Owingsville, Paralyzed for 35 Days.

Lexington, Ky., Sept. 2.—At Owingsville today Miss Lizzie Moore, a beautiful young school mistress, died of starvation. She was partially paralyzed thirty-five days ago, and since that time had not partaken of a morsel of food.

ATROCITIES

Committed in the Wake of War in China.

Soldiers Put Boxers to Shame By Murder, Rapine, Arson and Outrage.

Taku, Aug. 30, Via Shanghai, Sept. 3.—The Chinese in the Pei Ho valley are paying dearly for the folly of their Government. The retribution they are suffering exceeds the ordinary penalties of war. Along the river and the roads traveled by the foreign troops between Tien Tsin and Peking an orgy of looting and destruction continues, with much useless slaughter of unoffending inhabitants. While the international force were advancing the commanders, notably the Japanese, American and British, enforced a certain degree of protection for property not needed for military purposes.

At that time most of the population, except the fighting men, had fled. But now the people are returning to their homes, only to find no shelter or rice or occupation. In the overcrowded, famine-threatened districts away from the river their lives and small possessions are at the mercy of bands of soldiers traveling about without officers. Robbery, ravishing and murder are continuous. Roving parties of soldiers indulge in unrestricted outrages. With few exceptions, every town and village in the section traversed by the armies has been looted. The Russians are the worst offenders, with the French also contributing largely in proportion to their numbers. The Japanese, British and Americans are under better control. The conduct of the Cossacks has been especially atrocious.

FINE SPEECH.

Ollie James Stirred The Boys Up in Great Style.

Hon. Ollie James, of Marion, opened the Democratic Campaign here yesterday at 2 o'clock, addressing a crowd of 800 people. The courthouse was filled to overflowing and many were turned away unable to get inside the building. For an hour and a quarter the rough and ready orator from Crittenden poured such hot shot into the Republicans that the Democrats were roused to great enthusiasm. His discussion of National issues struck a responsive chord and there were loud cheers of approval. His strong arraignment of the Republican party and its lawless methods, beginning with military intimidation of voters and ending with the assassination of the Governor, was unanswerable from any standpoint of good citizenship. He called upon Mr. Yerkes to state his position on the question of pardoning the indicted and convicted assassins of Gov. Goebel.

He closed with a strong and earnest appeal to Democrats of all shades of opinion to unite to save the nation from imperialism and the state from government by assassination.

The speech was a fine effort and the speaker was overwhelmed with congratulations. The campaign has been most auspiciously opened.

Col. Yerkes will speak here Thursday and he should satisfy the public curiosity to know whether or not he approves the disgraceful efforts of leading Republicans to prevent the punishment of Gov. Goebel's assassins. In other words, let him state whether or not he would pardon Powers and his pals if he should be elected Governor.

Dyspepsia Cannot be Cured
by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure dyspepsia, and that is by constitutional remedies. Dyspepsia is caused by an inflamed condition of the mucous lining of the Esophagus Tube. When this tube is inflamed you have a rumbling sound or import of bearing, and entirely useless. Dyspepsia is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, bearing will be destroyed forever. Causes of it are ten or twelve caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. PROPOSED BILL.

About Which Democratic Sentiment is Crystallizing.

A Frankfort special to the Cincinnati Enquirer says: The Democratic legislators have been quietly discussing since Tuesday the main features to be incorporated in a new election law, and it is announced to-night that a bill has been practically agreed upon and will be introduced on Saturday or next week. The features of the proposed measure are as follows: State election commission of three members, one to be selected by the governing authority of the Democratic party, one by the same authority of the Republican party, and the third to be elected by the legislature. The latter will be chairman, but to have no vote except where the other two disagree. County boards to contain three members, one selected by Democrats, one by Republicans, the third by county judge, the latter commissioner to have no vote except in case of a tie.

It will provide for universal registration in city, town, village and country precincts, do away with party devices on the ballot, and provide for the preservation of all the ballots for a reasonable time after each election. The election officers are to be appointed from the two principal parties, the party authorities to furnish the names of those they want appointed, and must be divided equally—that is, each party will have one judge in each precinct. This seems to meet with general approval, and it is more than likely it will be enacted into a law as soon as possible. It is an absolute repeal of the present law, and cannot be unfair to either party.

Makes Live Worth Living.

Joe King's big Irish Farce Comedy, Murphy's Masquerade, will be at Holland's Opera House on Wednesday, Sept. 5. Murphy's Masquerade is a slap bang laugh producer. Can be said to have been built—hardly written. It is one of those stage productions that moves along with the clock. What's created a laugh last year would cause a tear to-day. It must be kept constantly abreast of the times. It requires quick, alert judgment nowadays to contract farce comedies. Laughs are discovered—seldom created farces. The company numbers 25 clever specialty and farce comedy artists.

Yerkes Represents Taylorism.

The Kentucky Republicans sealed their doom when they endorsed Taylor. The outside Republicans know what is good for them, they will leave their disreputable Kentucky brethren to their fate. The issue of Taylor versus the people of Kentucky—quite apart from the murder of Goebel—is complete as it stands. The Democrats want no other issue, for Taylorism, as represented by Yerkes, is indefensible. Meanwhile, the trials will go on at Georgetown and the guilty will be found guilty, spite of the efforts of the Republicans to obstruct the course of justice. During the long siege just ended there was a well-planned conspiracy to badger the court. Few men could have stood this as Judge Cantrell did. The bravest of the brave, the truest of the true, he did duty for the people and the state, and the time will come when everybody will realize the value of such a man upon the bench in such an emergency. —Courier-Journal.

Sam Jones in a letter to the Nashville American says he is for Woolley and adds:

"There will not be enough money in Hanna's barrel to hire me to make one speech for McKinley. Nor are there enough bullets molded to scare me into voting for Bryan."

DICK TYLER.

Last Sad Rites Over the Young Man's Body.

The funeral services of the late Richard Keeling Tyler, who lost his life at Lake Placid, N. Y., last Thursday, took place at the Ninth Street Presbyterian church Sunday morning. The body did not arrive until 10:30, the hour for the funeral, as the 9:30 train was an hour late. The church was filled with sorrowing friends, who patiently waited. The body was accompanied by Messrs. Norton and Loney, of New York, and Dr. McCormack and others, of Bowling Green.

The funeral service was conducted by Dr. W. L. L. Nourse and was touching and appropriate. The floral offerings were very handsome and numerous.

The interment followed at Hope-well Cemetery.

Further particulars of the drowning show that young Tyler died in magnanimously attempting to save the life of another. A cousin of his, Cyril Tyler, a small boy, was in danger of drowning and Mr. Tyler went to his rescue and had swum part of the way to shore with him when he gave completely out and went down never to rise again. The boy was finally rescued more dead than alive, and it took several hours' work to rescue him.

They were bathing in Mirror Lake, near Lake Placid, in the Adirondack mountains of New York.

Mr. Tyler was 24 years old last March and leaves one sister, Mrs. A. T. McCormack, of Bowling Green, and many other relatives here and in New York.

"FAIR AND HOT."

Then "Fairer and Hotter," Says Prophet Marsh.

Ohio weather prophet Marsh says the first week of the month is to be hot—in fact, it is already on the griddle. Heavy rains are to descend along the Ohio Valley. The first three days are to be hot and fair, while the next four are to be fairer and hotter. Rains are scheduled for the 8th, 9th, 10th and 11th. Storms will occupy the 12th to 15th. The nights alone during this time will be cool and refreshing. Frost will get to the pumpkin about the 18th and storms will reach about the 24th. From the 25th to the 27th there will be fair weather, with cool nights and mornings. The last day of September is to be cloudy and bleak.

In his general report Mr. Marsh has booked a cyclone for Western Indiana and Illinois between the 8th and 12th, and raging storms for the Atlantic Coast.

History Repeats Itself.

No president has been re-elected since Grant—that is, in 28 years.

No president has been renominated since Grant except Harrison and Cleveland, and both were defeated for a second continuous term—that is, no president since Grant has had a second continuous term. In 1888 Cleveland seemed to be absolutely sure of re-election, but he was defeated.

In 1892 Harrison seemed to be sure of re-election, but he was defeated.

Will Mr. McKinley furnish a third example, and will history repeat itself?

FIFTEEN THOUSAND FARM.

Messrs. C. M. and W. T. Keatts have purchased what is known as the Kendrick farm, about three miles east of Lafayette, and full possession will be given Jan. 1. The price paid was \$15,000. There are 700 acres 500 of which are cleared and the rest is in good timber. About 200 acres of the farm is meadow, lying along the banks of Green Tree Grove creek.

The whole place is well improved and the farm is one among the best in that section. A portion of the land is situated in Christian County and some of it lies in Montgomery County, Tenn., adjoining the Keatts homestead.

Keatts brothers will own 400 acres of wheat this fall on their newly purchased ground.

The Board of Asylum commissioners will hold their regular monthly meeting at the institution to-day.

BIG FEES.

Will Be Paid Governor Goebel's Doctors.

Dr. J. N. McCormack, of Bowling Green, who was at the bedside of Gov. William Goebel from the time he was shot to the hour of his death, will receive a fee of \$10,000 for his medical services. The money is to be paid by Mr. Arthur Goebel from the estate of the dead Governor. The other physicians who attended Mr. Goebel are also to get handsome fees, and it is understood from a reliable source that about \$20,000 in all will be paid to the doctors.

Those who attended Mr. Goebel, besides Dr. McCormack, were Drs. Hume and Ely, of Frankfort; Dr. T. R. Welsh, of Nicholasville, and Dr. J. M. Barrow, of Lexington. All of the physicians, including Dr. McCormack, refused to accept any pay for their services, but the Goebel brothers do not propose that they shall go unrewarded for their trouble.

SUNDAY HORROR.

Excursion Train Wrecked and Many Killed and Injured.

Allentown, Pa., Sept. 2.—The worst railroad horror known in this vicinity occurred at Hatfield, Montgomery county, on the North Pennsylvania branch of the Philadelphia & Reading railroad at 7 o'clock this morning, when an excursion train with between 700 and 800 people on board, crashed into the rear end of a milk train which was standing at the station. Nine people were killed outright and five others died soon afterward from their injuries. The list of wounded numbers twenty-five or thirty well-known citizens, principally of this city and of South Bethlehem. Several of the injured cannot recover.

CORBETT WON.

Knocks McCoy Out in the Fifth Round.

Gets In a Solar Plexus Punch and Wins Eighteen Thousand Dollars.

New York, Aug. 31.—The long-promised and long-looked-for meeting between James J. Corbett and Charles ("Kid") McCoy, under the auspices of the Twentieth Century club at Madison Square Garden, is over, and in less than five rounds Corbett proved himself to be the better man. That Corbett and McCoy are the cleverest exponents of the art of self-defense among the present generation of heavy weights goes without saying. And keen judges of the game who saw tonight's fight declare that it was the cleverest exhibition ever witnessed in the ring. Up to the moment that the men stepped into the squared circle opinions as to their respective ability were widely divergent. Many claimed and rightly too, that Corbett would prove to be the stronger as well as the cleverer and it was thought his superb feinting and heavy struggling that he put McCoy down and out. McCoy's friends all along have claimed that he was equally as dextrous with his hands, eyes and feet as the former champion, and in addition to this they said that the Kid could hit harder than Corbett. All who have met McCoy acknowledge that his blows are powerful ones and that they sting and cut wherever landed. Last night, however, while McCoy landed some very stinging blows, he did not cut Corbett's skin, nor did he land a heavy right hand blow during the contest. On the other hand Corbett, when he dropped science and began to slug, landed hard rights and lefts, which simply took McCoy's guard away, and when Corbett found a vulnerable spot in the region of McCoy's heart, two lefts divided by a right ended the battle.

Flurphy's Masquerade.

Written to make people laugh, will appear at Holland's Opera House on Wednesday, Sept. 5, introducing such clever and well-known people as Russell and Owens, those world famous Irish comedians as Dennis Murphy and Michael Mulligan. Mulligan (Owens), who is 5 feet, 10 1/2 inches tall, has some very funny scenes with Murphy (Russell), who is 4 feet, 6 inches tall. Owens is a very good foil for Russell, and their comedy scenes keep the audience screaming with laughter. There are some twenty other very clever farce comedy people in the cast.

What Yerkes Will Do.

Col. Yerkes has not answered our questions, but Judge Nick Vaughan, of Louisville, doubtless acting as his spokesman, has for him. In a speech the other night, he said, "Yerkes will do his duty and pardon every man convicted by the democrats." This assurance, which was hardly needed, should make democratic work the harder to down the smooth citizen of Boyle.—Interior-Journal.

Baking Powder Economy

The manufacturers of Royal Baking Powder have always declined to produce a cheap baking powder at the sacrifice of quality.

The Royal is made from the most highly refined and wholesome ingredients, and is the embodiment of all the excellence possible to be attained in the highest class baking powder.

Royal Baking Powder costs only a fair price, and is cheaper at its price than any similar article.

Samples of mixtures made in imitation of baking powders, but containing alum, are frequently distributed from door to door, or given away in grocery stores. Such mixtures are dangerous to use in food, and in many cities their sale is prohibited by law. Alum is a corrosive poison, and all physicians condemn baking powders containing it.

WEALTHY WOMAN.

Mrs. Hannah Moayon Dies Suddenly of Heart Failure.

Mrs. Hannah Moayon, widow of the late John Moayon, died yesterday morning at 2:30 o'clock, at her home in this city. She was up as usual the evening before, but went to bed early complaining of not feeling well. About one o'clock she woke up the members of the family and was found to be very ill with heart trouble. This was soon succeeded by a smothering spell and she died in spite of all that could be done to save her life. Mrs. Moayon had been a sufferer from heart trouble for a year or more.

Her maiden name was Hannah Kahn, and she was born in Gemmistein, Germany, 60 years ago. She was married to the late John Moayon, the wealthy merchant who died a year or two ago, about 33 years ago and of this union two children survive, Mrs. Moses L. Eib and Max J. Moayon.

"It was to her that her husband owed much of his success in life. She was a woman of sound judgment and wise counsel. She was her husband's helper and adviser in business matters and he relied upon her assistance in making and saving the fortune he left and when he died he left all his property to her and the estate has never been divided.

The funeral services will be held at the family residence on Ninth street at 3 o'clock this afternoon, Rabbi K. Ein, of Evansville, officiating. The interment will take place in the Jewish Cemetery in this city, by the side of her husband.

FATAL FESTIVAL.

Same Old Story, This Time From Fairview.

Jim Burrus Shoots and Instantly Kills Otis Lacy, Both Colored.

A colored festival was held at a cabin on the farm of Mr. Wm. Tandy near Fairview, Saturday night, with the usual result, a killing.

Jim Burrus shot and instantly killed Otis Lacy.

Burrus went with a girl to the festival and Lacy began to tease him about the girl, telling him he should not go home with the girl. Burrus was talking back in a half-joking manner and Lacy drew an old pistol, it is claimed in a playful manner. Burrus also pulled a pistol and Lacy fell dead with a bullet in his heart. Burrus claims that the weapon went off accidentally, that he was "projecting" with the weapon and did not intend to shoot Lacy. He made no attempt to escape.

The coroner went out Sunday and held an inquest and placed Burrus under arrest. He returned to town with the coroner and was lodged in jail Sunday afternoon. The date of the examining trial has not yet been set.

Both negroes were farm hands in the neighborhood.

SHOOTING AFFRAY.

Albert Grace Peppers Robt. Latham With Squirrel Shot.

Conflicting reports of a killing in the Pilot Rock neighborhood, when sifted down yesterday, turned out to be unfounded, except as to a shooting affray in which one man was slightly wounded with small shot.

The parties to the difficulty were Albert Grace and Robert Latham, who live about one mile from the postoffice of Oval, near Pilot Rock.

A few days before Latham went to Jim Gid. Edwards, and wanted to borrow a horse, and Miss Bettie Edwards, who was the only member of the family at home, refused to lend the horse. Mr. Edwards had been disabled at the house of a neighbor for two months, from an accident. Latham became enraged at the refusal and on Friday afternoon returned to Edwards and began to abuse Miss Edwards and threatened to kick her out of the house.

Albert Grace, her brother-in-law, was present and took up the difficulty and a fight ensued. Latham picked up an empty pistol from the mantel and attempted to strike Grace, but was prevented, and finally left the house saying he would get his gun and settle the matter.

He lived close by and soon returned with a double-barrel shotgun. Grace in the meantime had loaded up a similar weapon with squirrel shot and was in the yard when Latham returned. The men shot twice at each other. Grace was struck, but the shot was too small to penetrate his clothes. Latham was hit with six shots, one in the forehead, one under each eye, one in the breast and two in the stomach. The wounds were slight and Latham was not disabled by them. He was up and about as usual yesterday and it is said, further trouble is almost sure to result, as both men are nervy and live close together. Latham especially is said to have quite a reputation as a fighter.

JUDGE TIPTON ALIVE,

But the Physicians Have Little Hope of His Recovery—Woods Gives Bond.

Richmond, Ky., Sept. 2.—Judge French Tipton, who was shot last night by Clarence E. Woods, is still alive, but little hopes are entertained for his recovery. Not satisfied with the first hasty examination, the physicians last night made an incision, which showed that the bullet had penetrated the bowels, making no less than sixteen perforations.

Woods gave bond in ten minutes after the shooting, a number of the wealthiest citizens here volunteering to go on his bond. The date of the examining trial has not been fixed.
